WHO ARE WE?

BREAKTHROUGH OF GREATER PHILADELPHIA...

Is an independent 501(c)(3) committed to achieving equity and diversity in education. Our program is two-fold; taking current college students (+ high school juniors/seniors) interested in education and combining them with middle school students in Philadelphia public, parochial, and charter schools. It's truly a "students-teaching-students" model, allowing our Scholars (students) to connect on a deeper level with their Teaching Fellows (high school/college students).

We hope you enjoy our 2023 Summer Yearbook, showcasing our Scholars & Teaching Fellows + some extra special moments!

Grayson Graham

Team, Logistics, & Outreach Coordinator

Program Highlights

- ~180 scholars
- 33 Teaching Fellows (+1 Junior Teaching Fellow)
- 4 Instructional Coaches
- 9 Staff Members

The background image shows a school building with a light-colored, textured wall. A tree with green leaves is in the upper left corner. A blue sign is mounted on the wall, and a potted plant with red flowers is in the lower left corner. The ground is paved with light-colored bricks.
